SMART PLANT MONITORING SYSTEM

PRE-ORDER TODAY

WHAT IS SEED?

YOUR PERSONAL GARDENER

This innovation will take your worries away by taking care of your plants like never before.

Using modern technology, we have created seed in a manner that it will help you understand your plant needs and know more about gardening everyday.

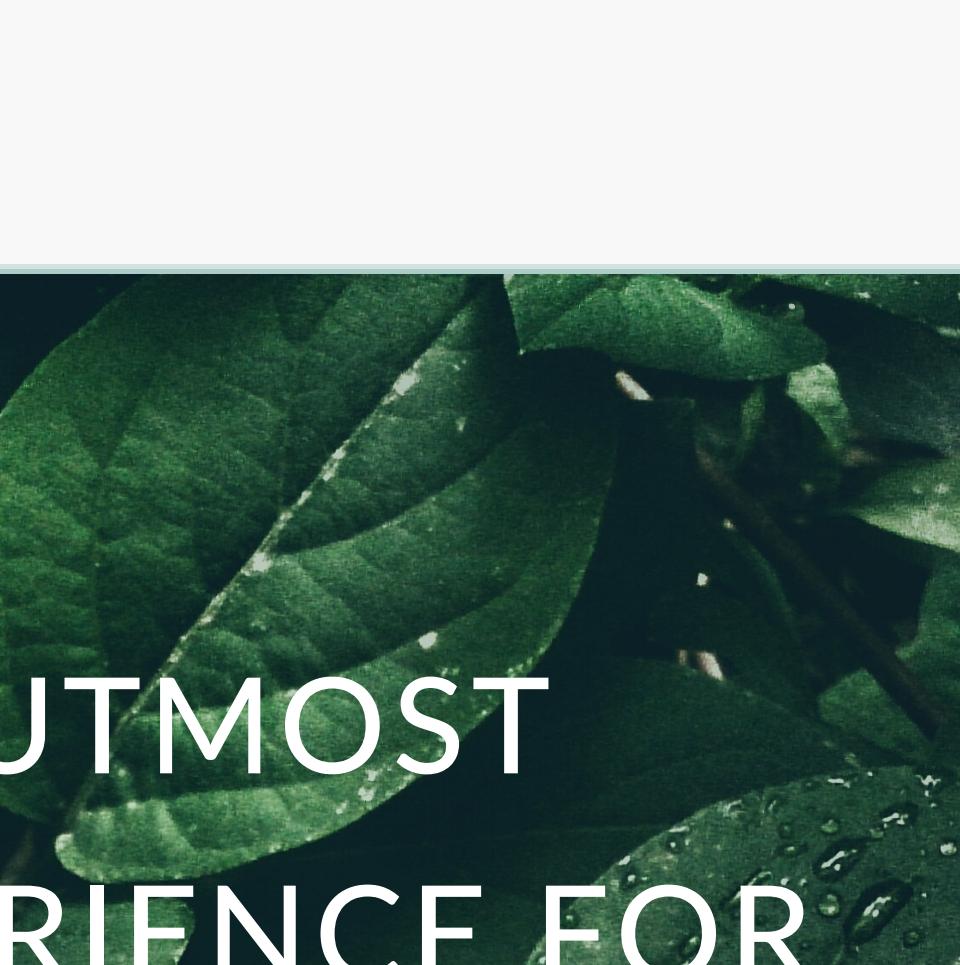

It is the ultimate plant monitoring system that will nurture and love your plant just the way you do.

HOW IT WORKS?

COMBINING TECHNOLOGY AND NATURE

Seed is that revolutionary device which uses the best of technology to nurture nature.

It will keep you updated and will give you insight about your plant health and environment in order to take better care of your plants according to its needs.

THE UTMOST EXPERIENCE FOR NUTRURING PLANTS
